May 22, 2026

Subject: "Design Simulator" equipment selection software

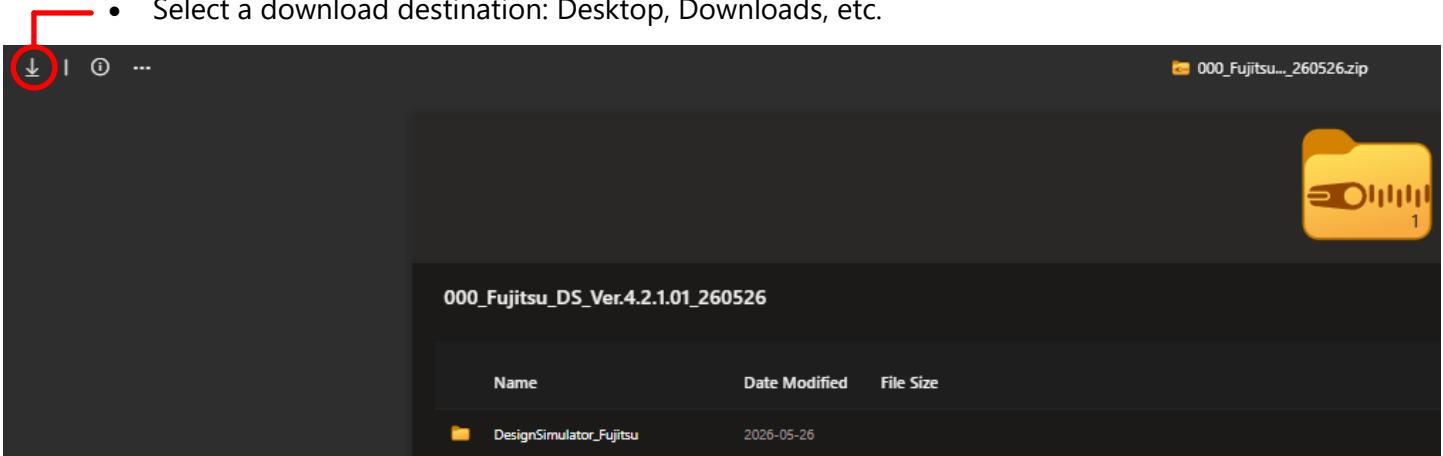

Discussion:

Please use the link below to download the latest version of "Design Simulator", server update 5/8/2026:

[Design Simulator 5-22-2026](#)

Installation notes:

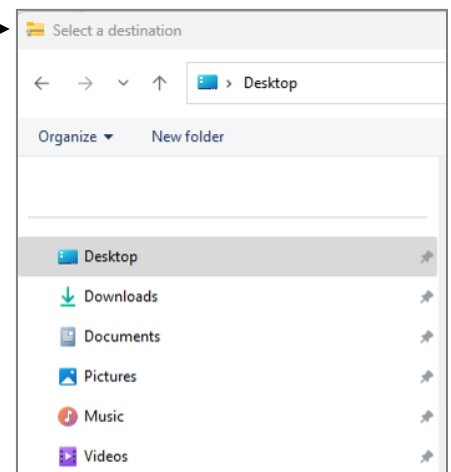

1. Download the entire compressed file:
 - Do not attempt to open the folders directly
 - Use the download icon arrow (top left) to start the download:
 - Select a download destination: Desktop, Downloads, etc.

- Download destination example, Desktop

1a. Download precautions:

- Shared drive location is OK for the download ONLY
- "Unblock"- See step 3 to unblock ZIP folder BEFORE extracting
- Extract- Please extract to C drive location only (See step 4)
 - ◊ Do not extract to a shared drive (OneDrive, etc.)

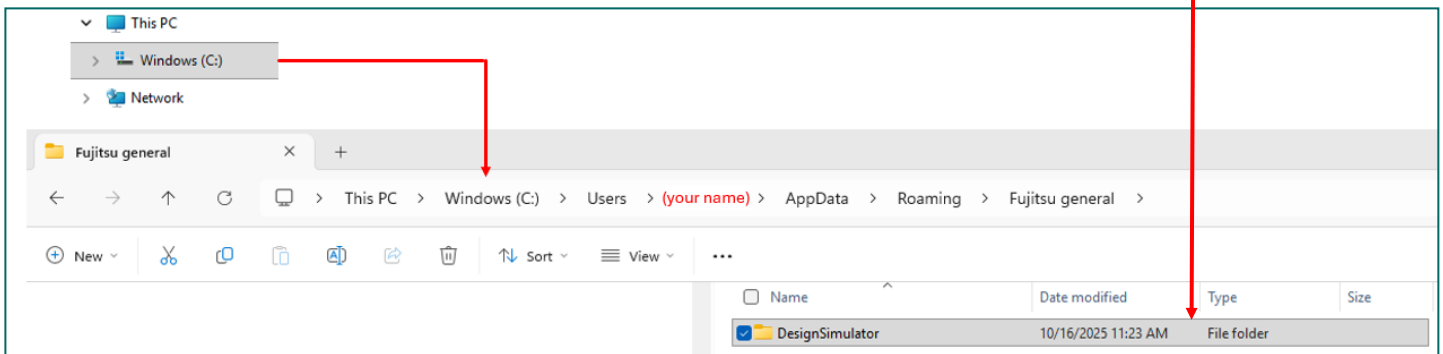

Subject: "Design Simulator" equipment selection software

2. IMPORTANT! If you are installing Design Simulator for the first time or are manually updating without experiencing any problems, please skip this step and proceed to #3.

- Installation or operation problems- **If you are experiencing installation or operating problems** with Design Simulator, **please remove the current software BEFORE extracting and installing** the latest version:

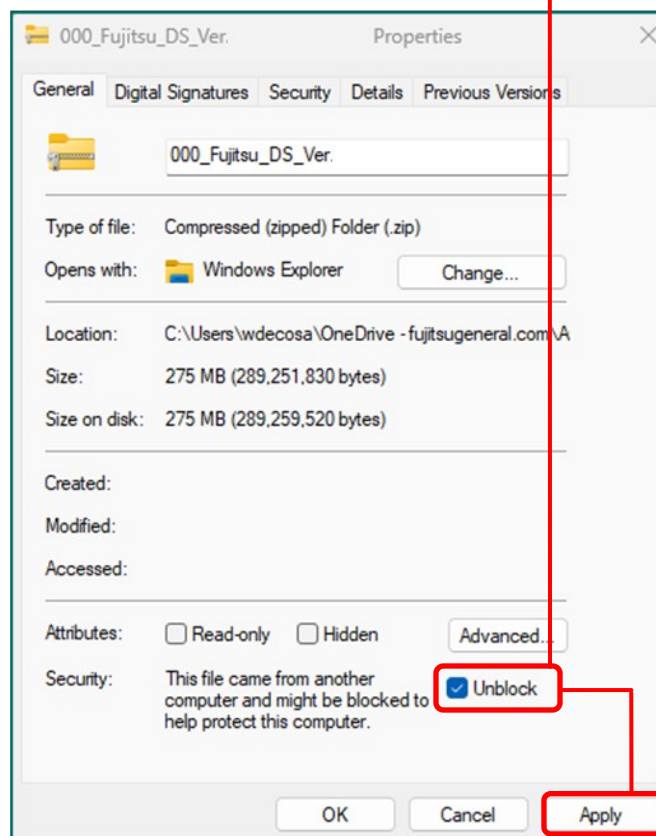

Design Simulator removal- Find the location where Design Simulator was installed. C drive example:

- ◇ Windows (C:) / Users / (your name) / App Data / Roaming / Fujitsu General / Design Simulator
- ◇ **Design Simulator- Delete this folder entirely**
- ◇ Proceed to step #3

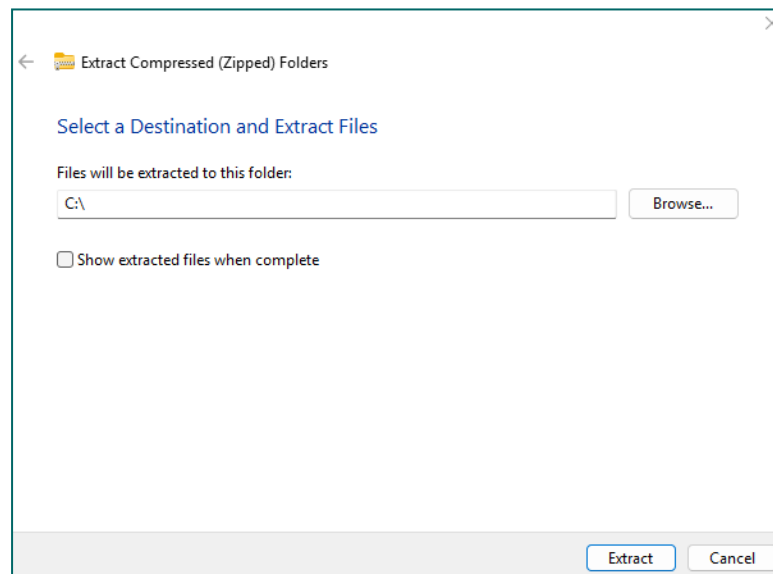

3. ZIP folder "Properties":

- Check "Unblock"
- Click "Apply"

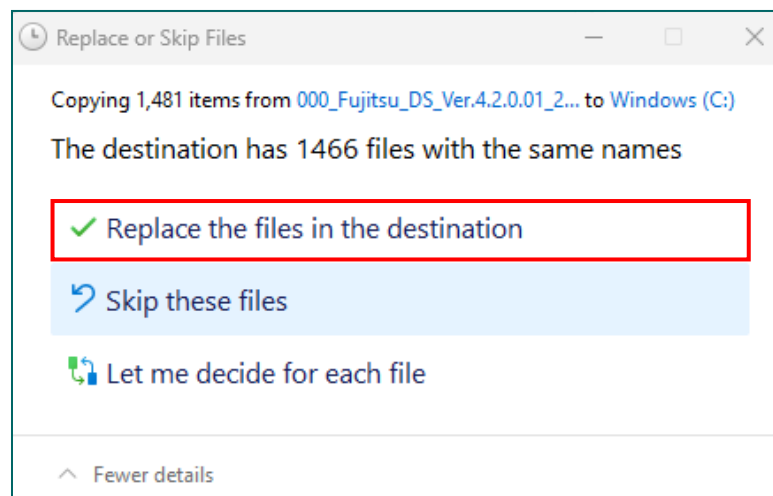

Subject: “Design Simulator” equipment selection software

4. **Extract to root C:\ location only:** do not extract to a subfolder, shared drive of any type, e.g. OneDrive, etc.

5. Replace or skip files: If overwriting an existing version, please select “Replace the files in the destination”:

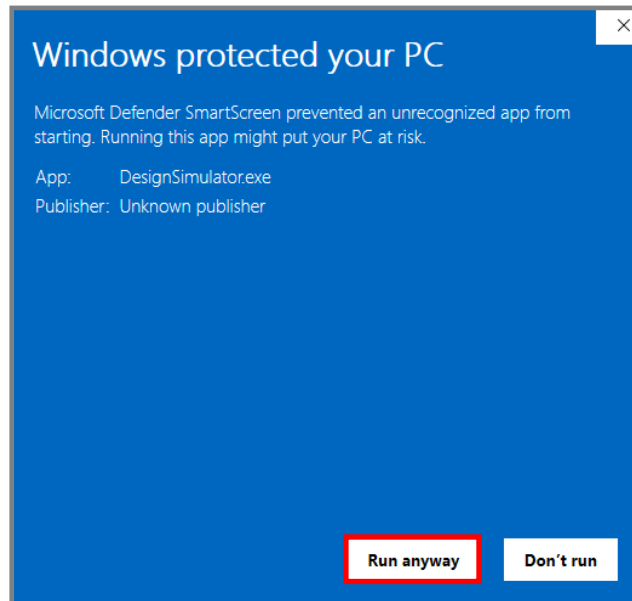

6. Open the extracted folder. Locate and click on the “Design Simulator” application file:

	ClosedXML.dll	6/12/2025 3:10 PM	Application extens...	870 KB
	ClosedXML	6/12/2025 3:10 PM	Microsoft Edge H...	172 KB
	DesignSimulator	4/28/2026 11:08 AM	Application	1,759 KB
	DesignSimulator.exe.config	6/12/2025 3:10 PM	CONFIG File	1 KB
	DesignSimulator.vshost	5/1/2026 8:39 PM	Application	23 KB

Subject: "Design Simulator" equipment selection software

7. Antivirus– If flagged by antivirus, select "Run anyway":

After installation is complete, a shortcut (desktop icon) should be provided to launch the program.

Depending upon your security settings, it may be necessary to repeat the permission override to allow Design Simulator to run.

8. Upon successful installation, you **may delete the compressed folder** for this update:

Please contact applicationsupport@fujitsugeneral.com with and questions, and thank you!
